Strathmore, Alberta, November 3rd 1920.

Subscriptions per Annum, Local \$2.00; British Empire \$2.50; Foreign \$3.00.

Municipal Elections

The nominations for Town Council for the Town of Strathmore will be held on or about the last week in this month, and the elections in the first week of December.

The Mayor retires, as also four Councillors, and places of several school trustees will have to be filled.

There is a prospect of there being more interest taken in the forthcoming election than in those that have been held for several years past.

Electric Lights

Considerable interest has been taken in the question of electric lighting in Strathmore. The Town Council have almost come to the point of deciding on a sidewalk installation, which would supply light to a number of the streets. Some objection has been raised to this locally, and an informal meeting was held on Monday evening, at which the Mayor had a number of citizens were present.

The objection considered that the town should go in for a larger system, to supply both power and light.

In our opinion, the Council would be well-advised to proceed with the scheme they have on hand at present. It does not entail with any heavier expense, and it would supply light for the streets for the present winter, whereas a larger scheme would take a year at least to get under way. Again the small plant could be paid for out of the current revenue and would not require bond issue, and it could be disposed of when a larger scheme was in operation.

Strathmore at present is ten years behind the times so far as lighting, water and sewerage is concerned and the whole town should be brought up-to-date. But for the immediate future a small plant would be better than nothing at all.

6 p.m. Closing of Stores

By general agreement, stores in Strathmore will close each evening at 6 p.m., with the exception of drug stores etc. This does not apply on Saturday evenings and evenings preceding general holidays.

M.D. Bow Valley Meeting

The Municipal Council of Bow Valley had a very large agenda to dispose of at their regular meeting held on Saturday. There was a full attendance of the Council, Reeve Stone presiding.

Grant to Rescue Home

A lady representative of the Salvation Army appeared before the Council and asked their help in the financing of the Rescue Home. After considerable discussion the Council decided to give a grant of \$2000 to the scheme.

\$75 was allowed Mr. McIntosh on account of damage to his crop from cattle being driven through his crop owing to defective road.

Auto Road to Be Dragged

The secretary reported that Hon. J. McLean, Minister of Public Works, had requested the Council to take charge of the dragging of the main auto road running through the Municipality.

The Reeve and Secretary were appointed delegates to the Rural Municipal Association, November 22nd to 24th.

Bailiff Wanted

It was decided to write the attorney-General's Department asking for the appointment of a Bailiff in the district.

A number of cases of road grain losses in arrears were taken up. In consequence the parties owing appeared and made adjustment, and in others the Council decided to take summary action.

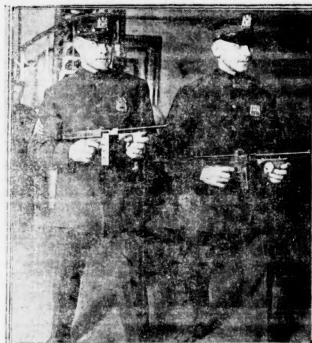

District Highway.

A letter was read from the Department of Public Works stating that the Department was willing to underwrite 25 per cent cost of building and equipping a trunk road through this Municipality. After considerable discussion the location of the road was left over for further consideration from session to session of time.

Tax Arrears

The Council took into consideration arrears of taxes still unpaid and instructed the secretary to issue distress warrants.

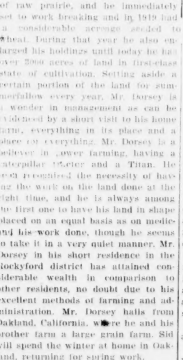

There appears to be a general desire to get a curing rack made into winter. Would those who are interested communicate with the Standard or Mr. W. G. Way with the view to holding an organization meeting shortly.

RIFLE MACHINE GUN PRESENTED TO NEW YORK POLICE.
A submachine gun for use in riot and in chasing auto thieves was presented to the New York Police Department by its manufacturers. A demonstration of the gun, which has a capacity of 1,200 shots a minute by simply pressing an attachment, was given. The gun, which is really a machine gun in the form of a pistol, was designed by Gen. John D. Thompson, Chief of the Small Arms Division of the U.S. Army during the war. It weighs about sixteen pounds. The photo shows two police sergeants demonstrating two of the guns.

Threshing Results at Rockyford

Now that threshing has in most cases been completed, the heavy yields anticipated have not materialized and the local yield has fallen considerably short of earlier predictions. Though the yield has not been very heavy a fair average was harvested over the entire district except in a very few isolated cases. The total yield is estimated to last year notwithstanding the heavier average needed to wind up. Among the several farmers which have made wheat raising paying proposition Mr. Sidney Dorsey stands out prominently, who with over 150 acres in wheat. Mr. Dorsey harvested the largest average yield known in the country. The harvest work and threshing being done in record time, and the majority of the crop has already been marketed. Mr. Dorsey has only been in the district two years and six months and on his arrival purchased a farm north of Rockyford consisting of 160 acres, and he immediately set to work breaking and in 1919 had a considerable acreage ploughed and sown. During that year he also enlarged his holdings until today he has over 250 acres of land in various stages of cultivation. Settling aside a certain portion of the land for himself every year, Mr. Dorsey is a wonder in management as can be evidenced by a short visit to his home farm, everything in its place and a store of everything Mr. Dorsey believes in, over farming, having a catfisher, a tractor and a tractor. He has presented the necessity of having the work on the land done at the right time, and he is always among the first one to have his land in shape placed on an equal basis as on another and his work done, though he seems to take it in a very quiet manner, Mr. Dorsey in his short residence in the Rockyford district has attained considerable wealth in comparison to other residents, no doubt due to his excellent methods of farming and administration. Mr. Dorsey hails from Oakland, California, where he and his brother farm a large grain farm. He will spend the winter at home in Oakland, returning for spring work.

We understand that Mr. Harry Groves has bought a section of land from Mr. Phillips, at a price of \$5000 per acre. The old man is showing, therefore, confidence in the district.

Memorial Hall

Many of our readers will be wondering what has become of the Veterans Memorial Hall project. The scheme is now pretty much as it was before the architects plans are drawn up, and the building would be proceeded with if the necessary funds were subscribed. No money has been done within the past week, but the result has not been such to encourage the hope at the prospect being reached without a great deal of trouble. It would probably be possible to proceed with the erection of the Memorial now, as there are considerable funds on hand, but the veterans do not feel like taking the financial responsibility of placing contracts when a large proportion of the scheme has not been completed. They feel that it is everybody's job as well as their, and that being mostly working men, they cannot afford the time and gasoline necessary to go around the district and spend half an hour with some individuals for a five dollar subscription, or in some cases nothing at all.

It is best, therefore, as far as possible, to appear to us, would be to complete the scheme as far as possible, and get everyone who has subscribed to take their advice and help at the annual meeting to be held when the scheme is completed.

Womens Institute

The Strathmore Womens Institute will hold a jolly and preserve shower for the benefit of the Strathmore Hospital, November 17th.

Will each lady please bring a jar of jelly or preserve with your name attached and leave either at Garretts Store or with Mrs. E. E. Thompson or Mrs. W. C. Tucker.

The Strathmore Womens Institute meeting was held at the home of Mrs. Svensen on October 26th with a large number present. A pleasant afternoon was spent in community singing and instrumental music.

Mrs. E. E. Thompson gave a short lecture on "Canada's New Motors."

Next meeting will be an all day meeting at the home of Mrs. Tucker, November 17th from 10.30 a.m. to 6 p.m.

A quilt will be exhibited so please bring your things.

Execution of officers at 3 p.m.

Everybody welcome and every member please attend.

Insurance for Returned Men

All returned soldiers and their families will be interested in the Returned Soldiers' Insurance Act, under which they are provided with an opportunity of obtaining life insurance at most favorable rates. The Act became effective on September 1st, 1920, and will remain in force for two years.

Under the provisions of the Act any honorably discharged soldier, sailor, or nurse, or the Canadian forces domiciled and resident in Canada, may insure with the Government to an amount of from \$5000 to \$25000.

Under certain conditions the widow of a returned soldier, who died subsequent to discharge, may also obtain insurance.

In addition to former members of the C.E.F., the privileges of the Act are available to anyone, male or female who served during the late war in the Imperial Army or with the forces of any of the allied or associated powers, provided they were domiciled and resident in Canada before the war and hold an honorable discharge.

Many of those who served overseas, while not suffering from a severe disability, find that their physical condition is such that they are unable to obtain life insurance at all or only at such higher rates than are usually demanded. They, therefore, find themselves severely handicapped in providing protection for their dependents. Under the Returned Soldiers' Insurance Act all returned men are examined in a required.

Successful Whist Drive

The Inter-Provincial Whist Drive held by the Anglican Guild on Tuesday evening, October 26th, proved to be a great success.

Cards were played during the first part of the evening, but owing to the fashionable late arrival of some of the players some slight disappointment was felt at the brevity of the game. The prize for the winning between Alberta and Charlottetown was played off and won from each table, resulting in a victory for Charlottetown's captain Mrs. Ludwell.

The ladies prize for highest score went to Miss Shaw and the gentleman to Mr. Crawford. The ladies were won by Mr. Harvey and Miss Rosaline Fox.

18 Cents More on Participation Certificates

WINNIPEG, Nov. 1.—Boutling that producers are anxious to know, as early as possible the full value of their participation certificates, the Canadian Wheat Board has made a careful audit of its accounts up to a recent date. The results indicate that it can pay on the final dividend of 18 cents, making a total of forty-eight cents. This will make the price, basis one northern in store Port Williams, two sixty-cent on an average price throughout the year at point of shipment in Manitoba, Saskatchewan, and Alberta, of two fifty per bushel.

The board has already distributed on the interim dividend about \$25,000,000 and the payment of the balance of approximately \$28,000,000 will be issued, be commenced about the middle of November, and completed before the end of the year. Over \$10,000,000 of the foregoing will be distributed among the producers in the prairie provinces, the balance in Eastern Canada and British Columbia.

The interim payment was 30 cents per bushel, but at the time interim payments were commenced it was announced that the participation certificates would be worth at least forty cents.

Though an official announcement had been made of amounts handled the amounts being paid on participation certificates would indicate that it was about \$10,000,000.

Clarence Harold.

DALEMEAD U.F.A. ORGANISING

Dalemead U.F.A. will hold a meeting in the Community Hall on Friday of this week for the purpose of re-organizing and setting back the business and social end into shape for the winter. Every farmer in the district is urged to be present.

Dancing and refreshments followed, and the evening was a great financial success.

A dance under the auspices of the G.W.V.A. will be held in the Opera House, Strathmore, on Friday, November 26th. Arrangements are being made to have this one of the best dances yet held in Strathmore.

The second annual fair of the Macdonald Agricultural Society will be held at Brooks on Wednesday, November 10th.

FAMOUS FRENCH GENERAL WILL VISIT UNITED STATES
General Maitre, commander of the 1st French Army during the great drive in August 1918 on the German front, will arrive in the United States this month to receive orders of the 52nd C.D. Division at their residence in Milwaukee. General Maitre is now commander of the French troops in Germany.

KIDDIES OF THE OLYMPIC GAMES
These two children were the winners of the International Athletics competition at the Olympic Games in Antwerp. They are Miss Allison Egan, 15 year old Brooklyn, N.Y. girl who represented the United States and Miss Shoglund, Swedish champion long jumper who is just one month shy of fourteen. Both scored in the diving events.

All the numerous articles that go to comprise a complete household will be included in the sale, but are not listed above.

Terms Cash. No Reserve.
W. E. Brown, Owner
R. A. JOHNSTON, Auctioneer.

The heavy storm on Thursday evening interfered with the attendance at the concert given by the Hibernian on Thursday evening, and the concert did not come through with a small deficit, though there would no doubt have been a most successful if the weather had been favorable. The concert was very thoroughly enjoyed by all who were present. Some interest in the remaining four concerts are now on sale by the committee.

Local Notings

OF LOCAL INTEREST
Readers are requested to send in items for this column not later than 12 o'clock Monday noon preceding day of publication. All local news items are welcomed by the Standard. Phone 17 or 48.

Gymnasium classes, Wednesday 7:30 p.m. Mr. N. Davis, a competent physical instructor has consented to take charge of the gymnasium work in the basement of the Union Church. Boys and girls from 14 to 18 years of age are eligible. Mr. Davis has had considerable experience in this work and holds qualification papers. As soon as more equipment can be secured classes will be opened for young men and young women if sufficient numbers are desirous of this training.

A heavy rain and snow storm on Friday soaked the ground to a depth of several inches. Thawing is almost completed now. If the weather remains mild it will be possible to get in some fall plowing yet.

A meeting of the Hospital Board takes place today in Calgary. The decision comes to say that meetings will probably be that on which the rate of the ratepayers will be taken.

One Strathmore man informs us that he has invested \$100 in a "Farmers Newspaper," not being satisfied with the G. G. Guide, he hopes to get a number of others in and get a newspaper that will reflect the opinions of himself and his fellow stockholders. He is hoping to interest a number of other farmers in the district in it. There are many ways of looking at it, but none so sure as that of starting a class newspaper for propable purposes. Better give the money to the Strathmore Memorial Hall Fund.

Mr. W. E. Brown's household furniture, etc., is advertised for sale in another column.

Some of you may have heard from John Doe within the past month. What are you doing on Nov. 9th? How is it now? It may cool more later.

Don't forget the G.W.N.A. lecture to be given in this district on Wednesday evening at 8:00 p.m. at the Strathmore Public Hall.

We have just received on "Ballad" fishing equipment and supplies. Everything is large to be handled by the best fishing method. The machine is of superior class.

A meeting in connection with the new Red Cross campaign which is being presented by Mr. A. Lyndall and in which a number of local farmers are participating, was held last night at the Strathmore Public Hall.

Since William arrived back in the city he has been very busy with his work. After a three week stay in Alberta.

Mr. John Hodge has left for his home. Work following his job. His car has now taken over the job.

Mrs. Ben Fossenden and family returned from their holiday in Scotland on Wednesday.

Mr. Chas. Wells is at present on a visit to his daughter, Mrs. M. B. Galt.

Baldwin's was 1-located with the most amount of readiness, but with little of the originality that might cause this sort of thing occasionally. In addition to the time-worn and heavy tradition that has established the practice of spending outstretched several widows' wives' bodies, and other malicious damage done. One farmer has had a complaint with the word about his wife, which he has lost in for repair, being upset.

Baldwin's provides the most of us with some good exercise next morning in setting things to rights, but is the cause of more profanity than is legitimate on a Sabbath morn.

Don. A. J. McLeod, Minister of Public Works for the Province of Alberta, was a visitor here last week, and took up several matters relating to roads and bridges with Mr. W. H. Way, secretary of the Iron Valley Municipality.

Mr. L. E. Dodge was in town last week on a visit. Mr. Dodge was formerly Hydrographer in connection with the new irrigation scheme in Southern Alberta.

Proprietors.

How the Red Cross Fund for Alberta Work Will be Divided

\$20,000 for Red Cross Rural Nursing Service, Hospital and Ambulance Fund to be expended in outfitting the troops of Alberta.

\$20,000 for Red Cross Homes for Soldiers' Children in Edmonton and Calgary.

\$10,000 for Red Cross Repatriation Fund for relief of temporarily distressed and returned soldiers, the wives and children.

\$15,000 for Red Cross Emergency Relief in Medical Aid, clothing and food, in case of a sickness, epidemic or accident.

When on Armistice Day, November 11th, the Alberta Division of the Canadian Red Cross Society appeals to the people of this province in behalf of the stricken people of Europe and Asia, the Division will issue a simultaneous appeal for \$100,000 to carry on the work of the Red Cross in Alberta. A letter to all branches, issued by the Provincial Office, under the signature of E. B. Bennett, K.C., President, and Mrs. C. B. Waagen, Vice President and Hon. Secretary has been sent out, and preparations for the greatest Red Cross campaign ever launched in Alberta are under way.

The services of the Red Cross have been extended to the "Lancet" colonies, on the lines of settlement, and the program carried out during the present year is at once the most varied and most ambitious ever undertaken by a voluntary organization in the province. As a result of the work carried out this year, in the rehabilitation and support of new branches, more than two thousand recruits, who, prior to the present season, were situated over a hundred miles from the nearest hospital or nurse, will be supplied with hospital, medical and nurse care before Christmas. What has been done in this direction, however, represents only one of a score of the beneficent activities of the Red Cross Society in Alberta.

PROTECTION

Against Price Reduction in Tractors

HART-PARR COMPANY ANNOUNCES LIBERAL POLICY WITH BUYERS.

The Hart-Parr Company, manufacturers of tractors at Charles City, Iowa, have announced that they will protect every person, who purchases one of their tractors against a reduction in price before June 1, 1921. If through reduction in manufacturing costs they are able to reduce the price of their tractor before next June, they guarantee to refund to owners who purchase tractors between now and June 1st, the full amount of that reduction.

They state that in their opinion lower prices in manufacturing must be based on lower prices for raw materials, and the stimulating of quantity production. If that time comes before June 1, 1921, every farmer owner of a Hart-Parr tractor becomes a partner of the Company and shares with them the full extent of the reduction.

Take advantage of this offer and buy your tractor from

Namaka Notes

DEATH OF MR. P. MERTZEN.

On Saturday afternoon Mr. P. Mertzen passed away after a brief illness. Only a week ago he was managing his thriving outfit and appeared then to be in his usual health. While cranking his car last Saturday he was seized with a fainting spell and had to be taken home and gradually sank till the end occurred about 1 p.m. on Saturday. He leaves a widow to mourn his loss. Messrs Harrison and Foster removed the body to Calgary preparatory to shipping to Longmont, Colo. Mr. Mertzen purchased land here in 1907 and moved up from Colorado in 1910 and was very successful in his operations, and recently rented his farm so as to enjoy a well earned rest. He had a likable personality and was universally respected, and his sudden demise is greatly regretted in the district whose residents extend sympathy to the widow. He was member of the L.O.O.F. and the U.F.A. The remains will be shipped from Calgary on Thursday for interment at Longmont, Colo.

The annual meeting of the shareholders of the U.G.G. elevator was held in the elevator office on Saturday evening when only a small number attended. Reports of the business done were favorably commented upon. The new board of Directors appointed are: Messrs. Thorndike, Pinkerton, H. E. Thompson, J. B. Sim and R. Eger. Mr. Thompson was appointed delegate to the Annual General Business Meeting at Calgary with Mr. J. B. Sim as substitute.

The big drive against "privilege" by the U.F.A. starts Monday, when it is hoped that the results will be one hundred per cent. Every farmer must surely realize by this time that he is being "skinned" at every turning and one has only to mention the falling price of farm products, the 25 per cent increase of freight rates, the application of the express companies for the 40 per cent increase, the fact of question, and the addition of the Wheat Board, to realize that if the farmer and his business is to exist, redress must be got. The only way to improve conditions is to organize and help in the fight which is coming.

It has been said that farmers would never be able to save further than their own individual farms, and every "cow" or "hog" together. It is also stated that the other fellow has to do the work for a common benefit, and it is up to every farmer to "do his bit" this, the statement, every one of consent and support, and help to get the farmer common justice and to stimulate the basic industry of Canada.

STRATHMORE SALE OF LOTS

A number of lots and parcels of land in the Town of Strathmore will be offered for sale under the Tax Recovery Act at the

Town Hall, Strathmore Saturday November 6th

Commencing at 2 p.m.

These lots will be offered for sale to the highest bidder. They afford a good opportunity to the prospective home-maker or investor. Strathmore has never been a boom town. Progress has been steady and continuous. Taxes are not a burden on the rate payers.

You cannot go wrong in buying one or more of these lots. If you don't actually need it now you will later on. The former owner has one year from date of sale to redeem his title. Failing that, the buyer gets full title at that date. If the former owner redeems the property by paying taxes and costs, the buyer at the tax sale gets ten per cent. on his payment.

Ask the Town Secretary, F. R. Lilly, for a list of the properties offered.

The secretary of the Cattle and Horse Show and Fair, held at the Strathmore Hotel, on Friday, in celebration of the 100th anniversary of the birth of the late Mr. J. H. Walls, gave a program of songs, dances and songs in a creditable manner, and the proceedings wound up with a supper and dance. Mrs. Lawrence presided at the party.

The condition of the newly arrived against a larger gathering, but those who attend the gathering at the hotel will find a most enjoyable time.

Mange Condition

Mr. F. H. Brown, of the Department of Agriculture, and in charge of the mange disease, started from Lethbridge, on Friday, inspecting the western part of the district while he made his headquarters in Strathmore. He has thoroughly covered the territory he has visited, and his report is very satisfactory in most instances. The best still come when the cold weather sets in as then the mange scourge thickens and will be easily detected, especially in the winter. Considering the importance of the work, it is to be expected that the Department of Agriculture is anxious to have the stockman well informed, and through this line of communication, the stockman will be able to help the government in the campaign against the mange disease. Mr. Brown reports some application from stockmen in the district, although the majority are doing all in their power to help him in his work of inspection and in obeying the rules of the Department in case of any animal showing signs of the mange. The rules are very strict, and if not obeyed, subject the owner of the animal to a fine of \$100.00. The quantity of his entire herd and no hidden him to ship, also causing fellow stockman unnecessary red tape in shipping stock to market. If the mange has been eliminated from our herds, no doubt the lion will be fitted, and it is the duty and to the advantage of everyone concerned to help the Inspector in the exercise of his duties.

THE BROOKLYN DOGBEND OF 1933: THE FIFTH LEADING PICTURE... 121

The first group photograph of the Brooklyn National League team made this year. From left to right, front row: McCabe, Taylor, Eddie Bennett, Richard Cloud, mascot; Elliott, Sheridan Mitchell. Second row: Kruger, Kidduff, Johnson, Wheat, Managers Robinson, Meyers, Konetchy, Smith and Olson. Back row: Sheridan, Mohart, Schmandt, Miller, Marquardt, Lamar, Carore, Grimes, Miljus and Griffin.

Pumpkins by Carload

A variety of pumpkins and squash was brought into Calgary from Brooks, Alberta, this week and were readily sold to local dealers, at a premium over similar farm products from other parts of the country. This event is significant. "The containment is the largest of its kind ever made from a country sold in Alberta and demonstrates a number of the possibilities for the future of the province," said the spokesman.

MEMORIAL HALL FUND

STRATHMORE U.F.A. MEETING

(Contributed by the Secretary)

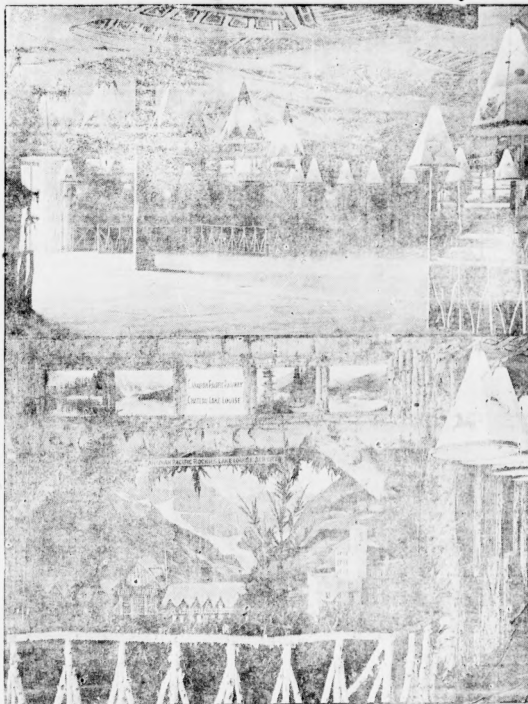

A meeting of the U.F.A. was held last Saturday in the King Edward (Old Dining Hall) about 20 members

Some very interesting subjects were brought up and caused very lively discussions.

Among the subjects brought forward were: "The Wheat Question," "The Political Drive," "The Co-operative Handling of Milk and Cream," "And to discuss the starting of a agency at Strathmore of the United Grain Growers."

Most of these subjects were left open until the next meeting which will be held on November 13th, when it is hoped there will be a full attendance.

The Agricultural schools of the Province open for the winter session on Friday. A goodly number of boys and girls in the district are booked to attend.

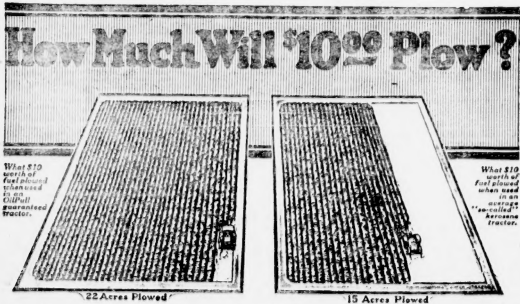

Toronto can always count on the C.N.T. to provide a unique and attractive exhibit for the Toronto Fair, and this year if anything the C.N.T. Exhibition is a perfect proof of records for originality and artistic execution. In order to visualise the romance as well as the splendour of the Canadian Pacific Rockies, a Sun Dance Lodge based upon a Stony Indian model has been erected. Indian tales and sporting tales are told by the campfire, and on the outside of the entrance, office accommodation has been worked into the setting where information of every description can be obtained. The telephone booth is also installed. This has the true finish and real Indian tape poles and the interior is a perfect example of how the Indian tale can be put to purpose and have been used. The lighting effect of these interiors with miniature Indian people as shadows is an effect of entrancing beauty.

The scene from Sulphur Mountain overlooking Banff, Alberta, Canada, shows some of the beautiful scenery which has attracted tourists to Rundle and Tunnel Mountians, and the stretch of the Bow River in the foreground.

A film made by the C.P.R.'s famous publicity bureau, showing the famous hotel built specially for the occasion is shown electrically through the auditorium.

"The impression that he is paying a visit to Banff instead of sweltering under the sun," says Mr. McNeill, "is what the Rundle Hotel, Hot Springs, famous for

The first thing noticed on entering the C.P.R. Exhibit is the huge size of the exhibit. The Pacific Locomotive and the Pacific Locomotive in which are featured the large scenes portraying in miniature form some of the most famous scenes of the West, but the Canadian Pacific Locomotive can produce. The roof of the locomotive is covered with a large number of pictorial writings and signs typical of the Rocky and Plains Indians. The locomotive is shown in a white, which the land of which is always a favorite with the Indians. The locomotive is shown in a white, which the land of which is always a favorite with the Indians. The locomotive is shown in a white, which the land of which is always a favorite with the Indians.

THE main reason why you buy a tractor is to produce greater crops at a larger profit. And the tractor that will do the work at the least cost is the tractor you want—provided of course that it has the strength and durability to give it long life.

Above we illustrate a comparison of operating costs based upon actual official public tests. We take as an example an official demonstration in which were entered 20 of the best known tractors. In making the comparison, we, however, have considered only the 23 tractors entered as kerosene burners, eliminating the five gas-line entries, and as a basis have taken the average cost for an acre plowed. On the one hand, the Cullipit plowed at a cost of 45 cents per acre; on the other the average cost of the 23 competing kerosene tractors was 66.27 cents per acre.

This gives the OilPull an advantage of almost one-third—or in other words, the OilPull proved that it is capable of doing one-third more work for the same fuel cost. And remember that we compare the OilPull with the so-called kerosene tractors only. Compared with test tractors the OilPull will cut fuel costs in half.

On the basis of the \$3.00 saved by the OilPull in plowing 22 acres, you can easily figure the saving in operating costs in the day after day, year after year operation. You can see that the saving in fuel alone will practically pay for the outfit while your OilPull is still a young machine. We can't say just what the life of an OilPull is because the first ones built over ten years ago are still on the job.

Furthermore, what the OilPull has done in these public tests is what it is doing in the hands of owners everywhere. *The OilPull will plow an acre of ground at less cost than any tractor made—bar none.*

And not only has the OilPull proved this economy—
makers give you an absolute *guarantee in writing*
that it will burn successfully all grades of kerosene
under all conditions, and at all loads to its full rated
hacks horse power. *The OilPull is the only tractor*
that carries such a written guarantee.

Four sizes of the oil burning, oil cooled OilPull can now be had—12-20, 16-30, 20-40 and 30-60 H. P.—all sizes standard in design.

HELP YOUR MOULTERS MOULT

Moulting time is the time that a hen needs assistance. She is weak, rundown and out of sorts generally. It is, the off-season in the life of the hen.

Think of the amount of her energy, vitality and red blood that's required to reproduce a thousand feathers! (which is only an average plumage).

A moulting hen needs good health, good appetite and good digestion.

BUY AN IRRIGATED FARM FROM

THE CANADIAN PACIFIC RAILWAY

BECAUSE—
Irrigation makes the farmer independent of rainfall, and insures good crops, not occasionally, but every year.
Irrigation makes possible the successful culture of alfalfa, the king of feeders, which insures great returns in dairying and mixed farming.
Irrigation demands intensive farming and close settlement with all the advantages of a dense populated agricultural community.
Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the years that it has been tried having absolutely demonstrated its success wherever intelligent is applied.

This is the most liberal offer of irrigated farm in Canada. For full particulars, apply to

ALLAN CAMERON, General Supt. of Lands

MIXING WITH BRAINS

Whistler, when asked what he mixed his paint with, is said to have replied "With brains."

That's why Whistler's paintings are so celebrated today.

OUR FAMILY LOAF is such an excellent one. Breads are just as valuable in mixing bread as Whistler found them in his business.

Connoisseurs tell us that our Bread is a perfect example of the fine art of baking.
